

## 9/11 Field of Flags

### Event focuses on Remembrance, Respect and Recognition

Bonnie Brae will mark the ten year anniversary of 9/11 with a tribute to our local veterans, first responders, and those families who lost loved ones in the attacks on the World Trade Center. Bonnie Brae students have been busy covering the large front field of the campus with flags, staking one flag for each of the lives lost on September 11, 2001.

Many of the students residing at Bonnie Brae have only vague memories of the attacks, and some were too young to remember the day at all. School Principal Donna Crane and Coach Tom Melvin felt this was a positive way to educate the students about the day, while paying respect to our local veterans, first responders, as well as families that lost loved ones that day ten years ago.

Bonnie Brae's Field of Flags will be on display for the next 3 weeks.
